Chief Isekedi Khama,
Serowe,
Bechuanaland,

my dear father,

I write to thank you very much for the lovely Karosses you send me, I wrote you very early because I thought that you would take a long time hunting for them. I had thought that they would be ready in August. When Molly told me that they were coming I was surprised.

You will please forgive me father if I trouble you again, although I know that you are a very busy person with a lot of things to think about.

The two karosses are very beautiful and the European ladies in our school love them and they wanted to buy them, so I said that I shall write and ask from you father if you have any more left, if you have a smaller size of the big one. Something big enough for a bed only.

If you answer me I can then sell these two, and will wait for a smaller size.

I want the one as a blanket, not a leopard.

Please Sir do not sent it before you have answered my letter.

Forgive me for troubling you.

By the Grace of God we are all still well. Molly too is well, and she is doing well in her lessons. I hope you are all very well.

I am Sir,
Yours obediently,
(miss) Regina Mazibuko.
