Dear Sir,

We would respectfully advise you that we are today forwarding the medal as per invoice attached per registered post and we have also enclosed in the parcel your sample medal.

We must apologize for the delay but as you will appreciate the medal has had to be made and carved by hand and consequently has entailed a terrific amount of work.

We hope therefore the delay has not put you to any inconvenience and trust that it will meet with your entire approval.

Assuring you of our best services at all times,

We remain,

Yours faithfully,

I. MENDELSOHN & CO.
