My dear Mrs, Moroka,

I must thank you very much indeed for your letter of the 4th instant, which I received immediately after my return from Lobatsi via Kanye.

I am sure that Seretse enjoyed his stay with you; he has not written to me so far but he is such a poor correppondent as I am.

Miss Moshoela is busy in her work, and she is quite cheerful. Mother and wife are both well and they send their greetings to you and to the Doctor.

Le nna ke éma ka ditumedisó tse dikgoôo,

Yours sincerely,
