Dear Sir,

Iam in reciept of your letter of the 10th instant with honour & respect which you had for me in giving me the earliest reply. Iam very pleased to get my faithfull friend in a very far place of Bechuanaland Pro. as a man under the British Empires rule in England.

According to the skines including leopard skines Iam verymuch pleased to hear about them and I beg you sir, not to allow the people to sell the skines among other people of certain places, for some of the people always go out of the bows through South Africa, and I will be preparing all my requirements according to the skines I need and money to buy the

Secondly to you sir Iam asking you of N. Doctors. according to my family. There came a weather thunder and nearly smashed my home and my wife died and children. so these are my home troubles.

For I have failed to get the perfect & willingman as a Native Doctor, I have tried nearly all the Doctors through the Union and other Provinces whom they trust to be the best but they all failed to work accordingly.

If there can be a trustablemaw as a Native Doctor Iwill be very much pleased to hear about him, and he can be sent for my needs. The trustablemaw can be sent by the Chief himself whom he trust to be the honest man as a Native Doctor.

I will be pleased if the sir will be kindly in giving me the reply in your earliest Convinience.

I beg to remain in anticipation
Yours faithfully,
Chief K. Mtembu
