9th. September, 1935..

Dear Sir,

I have to acknowledge with thanks your letter of the 9th. ultimo and to explain that I did not give immediate reply thereto because I was detained in the Hospital for some days and I found your letter awaiting me in my office. I deeply appreciate the sending of the letter which my father had written to your father; it is of extreme interest to me although not of very great political importance. If I happen to come to Cape Town I will certainly wish to go through the statement referred to in your letter. No doubt in that statement there will be points worth considering. Is it possible for you to make me a copy of this statement ? However if this is not possible as I have said above I will make it a point to see it if I happen to come to Cape Town.

I did not know until I received your letter that our beloved Missionary Rev. J. Tom Brown had a son who was living in Cape Town, if I had known this I should not have failed at least to talk over the phone to you when in Cape Town.

Thank you very much for your letter as also the enclosure.

Yours sincerely,

Mr Nigel M. Brown,
