Sister Norah G. Bell,
Bridgman Memorial Hospital,
JOHANNESBURG.

Dear Sister,

Your kind message of congratulations was very much appreciated by both my wife and me.

I could have got an European Nurse to look after my wife in her home, but there was no longer any necessity because our present Matron is a nurse of long experience in maternity cases and a very kind nurse indeed, so I was quite happy to send my wife to the Hospital.

With kind regards,

Yours sincerely,
