Mrs. D. Davidoff,
173 St. Frusquin Street,
M e l v e r n,
JOIANNESBURG.

Dear Madam,

Many thanks for your letter of the 29th Nov. with regard to the measurements, my young lady is 150 miles from Serowe and there are inefficient postal communications to her. I left with Mr D. Davidoff her dress which she wants the wedding dress to be measured from. The length of that dress is about 9 inches from her ankles but she requires the wedding dress to trail.

It is not necessary that the shoes should be sent at once. They can be sent together with the dress.

With Greetings,

I am, dear Madam,

Yours faithfully,
