Dear Chief.

I am sending Zeunert up to his sheep with things on the farm. There are so many Bremersdorp natives at present. Including me that I hardly know what to do & would be grateful if you would help Zeunert in any way you can. I have a very good lawyer here who has taken over every thing connected with the Estate but of course there is a lot to be done connected with buying on the farm etc. He may take on to go there, but at present I must get the 2 girls through School. I am hoping Dorothy will matriculate

this year, then she perhaps can do something. The last 2 years have been free of worry. We were to England as you know we went to see my mother. She died a week after I arrived there. Then I got ill on the Boat returning from Egypt in Cape Town 3 months. Then my dear Husband was very ill remained so until his death. Things are really very bad at Present with us.

I hope you are keeping well also Samuel & Benjamin. Please give them my greetings

With Kind regards.

Yours sincerely
Edith Smith
