Dear Chief Fsheked'

I intended to write to you sooner but since my return I have been very busy Chiefly working on the two portraits of you I now think they are fairly good & most people who have seen them think they are very good - some preferring the one with the bodies & some the other.

I enjoyed my visit to Senowe I always enjoy my work but some of my sittings are more interesting than others - I may safely say I really enjoyed meeting & getting to know you & I hope we may have an

opportunity of meeting again.

With kindest regards & many thanks for all the trouble you took in connection with my visit

Yours very Sincerely

Neville Lewis
