Sir,

In reply to yours with reference to recording Bechuana music, I have asked Miss Helen Moshoela to explain verbally to you my intentions. I shall be very grateful to you for your assistance. I hope to make a special journey to Serowe a little later. Being a large place and too much towards the north I could not include Serowe in my first visit, as I thought it would require special attention. Should you entertain the idea as Miss Moshoela will explain, I shall esteem it a special favour if rehearsals could commence immediately in order to gain perfection.

I am, Sir,
Yours respectfully,
R. S. Radebe
