Mrs. B. Creux,
"Shirley House",
228 Victoria Road,
Woodstock, CAPE.

My dear Mrs. Creux,

I was indeed very sorry that owing to the pressure of work I had to leave Cape Town without coming personally to bid you good-bye and see Paul after his return from school, but was obliged to bid you good-bye over the telephone.

I promised to send you an enlargement of my photographs together with my wife on my return home, but I find that in the enlargement we did not come out so well, and I am therefore sending you that of Seretse and self which I consider came out nicely. From it you will see that Seretse is taller than me.

I cannot write at any great length, there is heavy work before me now.

With warmest regards to yourself and the children,

Yours sincerely,
