Mr. G. Blackburn,

P. O. Mahalapye.

Dear Sir,

I am attaching my cheque for Thirty Seven Pounds Twelve Shillings & Eleven Pence (£37.12.11) for my old account and the repairs done to The Fargo and the two Buick cars. I shall pay you part of the account on the Chevrolet Truck on Tuesday when I come over to take the Buick, and the balance you will receive from Mr. Seaman after the end of this month.

My Passenger Bus Driver informs me that when he wants something done to the Bus you ~~mxx~~ always refuse to attend to it. I do not know what the reason for that could be, but if it is because I owed you some money for repairs, I should like to know, and I shall withdraw my patronage. I always send my cars to you for repairs, and I would expect that my cars would be attended to, when they need repairs, even though there may be some money that is not paid for the work done on a previous occasion. If your principle is Cash Down for any work you do I shall be glad if you will inform me.

Yours faithfully,

P.S. Please do not take my remark "I shall withdraw my patronage" as a threat, I know that your business is very wide in Mahalapye but I feel that I personally am not able to carry on with your kinds of treatment I request, otherwise and our stores have my patronage. Please ready by Tuesday as I must have it to drive my wife
